DROP/ADD POLICY FOR MUSIC

The first six weeks of the school year is the trial period for music courses. (There will be a two week “grace period” for correcting schedules at the beginning of each school year.) During the first six weeks, decisions must be made by students, parents, and instructors as to whether the student should remain in the music class or transfer out. All changes must go through the guidance office and will be effective at the end of the first ~~trimester~~-quarter with final approval by the administration. At the end of ~~second trimester~~-quarter 2 the only changes that will be allowed will be additions to a music class.

In order to add or drop, students must have this form signed by their parents and music teacher and return it to their counselor in the Guidance Office.

My student, _____ may drop/add band, choir, orchestra.

Parent signature _____ Date _____

Music Instructor signature _____

THE STUDENT IS RESPONSIBLE FOR COLLECTING ALL NECESSARY
SIGNATURES AND RETURNING THE FORM TO THE GUIDANCE OFFICE.

Dear WMS,

Greetings! As you know, the start of the school year is always very exciting for everyone. I am looking forward to meeting all of our new 6th graders, our new students joining us from Milford, and to see our returning students.

We know that it is essential to your academic success to have a growth mindset, which means recognizing that when you work hard, you will see positive results. We need you to give your best each day to achieve the knowledge and skills needed for successful learning here at WMS, in high school, and in the future. You may hear some staff members ask you to “Choose Your Attitude” each and every day you enter your building.

To do that, WMS shows our Warrior **PRIDE: Prompt and Prepared, Respectful, Integrity, Determined, and have enthusiasm for learning**. We will teach you what it looks like to demonstrate these qualities as well as reward these qualities when we see you demonstrate these traits. I encourage you to get involved in a school activity. There are many activities that you will find fun and that will provide you with unique opportunities and experiences.

Looking forward to another great year,

Mr. Brent Berkeypile, Principal

The Wawasee Community School Corporation Technology Responsible Use Policy

The purpose of this policy is to set forth the guidelines and expectations for the responsible use of technology by students, staff and teachers in order to provide a safe, appropriate and effective learning environment for all at Wawasee Community School Corporation.

In order to achieve this purpose we understand that both the individuals using technology and the School have certain responsibilities.

For the Individuals Using Technology

1. We expect the exercise of personal integrity and responsibility.
2. We expect students to master certain social-emotional skills in order to maintain ethical use of such technology.
3. We expect students to avoid device activities which interfere with the learning process.

For the School

1. The School will provide a social-emotional curriculum based on stages of human development to guide the implementation of our technology program.
2. Our goals are (a) to provide access to educational tools, resources, and communication and (b) to encourage innovation and collaboration.
3. Our policies are intended to promote the most effective, safe, productive and instructionally sound uses of these tools.

Expectations & Rules

Responsible use of WCSC's technology resources is ethical, respectful, academically honest and supportive of the school's mission. Some activities are expressly prohibited by law; other activities are inappropriate as defined by the administration of the school. The following rules are intended to clarify expectations for conduct, but should not be construed as all-inclusive, as we cannot outline every possible permutation of student behavior with technology. We require students to use technology in accordance with general expectations for appropriate student behavior as outlined in this document and the Warrior Way.

Violating any portion of this agreement may result in disciplinary review, including possible suspension or expulsion from WCSC and/or legal action. WCSC will cooperate fully with law enforcement officials in any investigation related to any potentially illegal activities conducted through our network. The school reserves the right to apply disciplinary consequences for device-related activities conducted off-campus if such activity adversely affects the safety or well-being of students or other members of our community or constitutes behavior embarrassing to the school.

Online Behavior

- I understand that as a member of the WCSC community, my actions could reflect on the school. In all of my online communication, I will be respectful and polite. This includes, but is not limited to: email, chat, instant-messaging, texting, gaming and social networking sites.
- If I am uncertain whether a specific device activity is permitted or appropriate, I will ask a teacher, parent or the technology department before engaging in that activity.

Privacy

- I will not share any of my passwords with anyone or use anyone else's passwords. If I become aware of another individual's password, I will inform that person or a member of the technology staff.
- I will be ethical and respect the privacy of others throughout the WCSC network and internet and will not share or access others' folders, files or data without authorization.
- I understand that WCSC has the right to look at any data, email, logs or files that exist on the network or on individual or personal devices without the prior consent of system users. In addition, WCSC reserves the right to view or remove any files on the network without prior notice to users.

- I will not share or post online personally identifying information about any members of the WCSC community without permission (addresses, phone numbers, email addresses, photos, videos, etc.)
- I will not make and/or post photo, audio or video recordings of another student, teacher or WCSC event without permission.

Use of School Technology Resources

- I will not play games, instant-message or access music or videos at school, unless it is part of the curriculum or is authorized by a teacher/division.
 - I will use the WCSC network space only for school-related activities.
 - I will not use my WCSC email account to send out mass unsolicited messages or to forward chain letters, joke collections or other objectionable materials.
- I will not use WCSC technology resources for commercial activity or to seek monetary gain.
- I will not deliberately perform any act which will negatively impact the operation of anyone's devices, printers or networks.
- I will not use file-sharing or music downloading software such as Bittorrent or Limewire while on the WCSC network.
- I will make an effort to keep my device free from viruses and other destructive materials. If my device is accidentally infected, I will seek help from the technology department.
- I will not store, transfer, or use software or settings for hacking, eavesdropping, network administration/monitoring or network security circumvention.
- I will not install or boot to non-approved operating systems on WCSC devices.

Cyber Bullying

Cyber Bullying is when the Internet, cell phones or other devices are used to send or post text or images intended to hurt or embarrass another person.

- I will not intentionally hurt or embarrass another person or group with my technology use as described above.
- I will notify an administrator, a counselor, a teacher, or a technology department member immediately if I become aware of any behavior that may hurt or embarrass another person or group through the use of technology.

Obscene or Inappropriate Materials

- I will not search for (or download) any material that is offensive, lewd, or pornographic. (Offensive material is pro-violence, hateful, discriminatory, or anti-social. An exception to this policy is granted for teacher-assigned research projects.)
- If I mistakenly access inappropriate information, I will notify a teacher or staff person immediately.

Copyright & Plagiarism

- I will properly cite any resources that I use in my school-work.
- I will not plagiarize from any sources. (Plagiarism is taking someone else's writing, images or idea and presenting it as your own.)
- Except for "educational fair use" as defined by a teacher, I will not copy, save, or redistribute copyrighted material (files, music, software, etc.) Users should assume material is copyrighted unless it is stated clearly to the contrary.

Personally Owned Computer Equipment & Devices

- Equipment not approved by the technology department shall not be allowed to connect to the WCSC network. This includes, but is not limited to: cell phones, iPods, and non-WCSC laptops/tablets.

- Connecting to other networks while on campus is prohibited. This includes using cell phones to connect WCSC laptops/ tablets to the Internet.

Limitation of Liability

WCSC takes precautions to restrict access to objectionable material online, but it is not possible to have full control over access to resources and materials on the internet. WCSC reserves the right to block content that negatively impacts the academic performance of students. WCSC cannot guarantee that network services will be without error. The school will not be responsible for any lost data or interrupted service caused by malfunction, negligence, or omission. WCSC is not responsible for the accuracy or quality of information obtained through the network. The school will not be responsible for financial obligations arising from unauthorized use of the network.

Please note:

Any concerns regarding student or faculty use of technology may be confidentially reported to the Director of Technology in addition to the resources mentioned above.

ATTENDANCE

It is imperative that students be in attendance each school day in order to maintain consistency in their learning. Active participation in classroom activities fosters collaboration, an important part of learning that cannot be replaced easily with individual study. The Wawasee Community School Corporation is also concerned about helping students develop a high quality work ethic that will be a significant factor in their success with future employers and post-secondary endeavors. One of the most important work habits that employers look for in hiring and promoting a worker is his dependability in coming to work every day and on time. This is a habit the Wawasee Community School Corporation wants to help students develop as early as possible in their school careers.

Excused Absences

Students may be excused from school for one of the following reasons and will be provided an opportunity to make-up missed schoolwork and/or tests:

- illness supported by a doctor's statement or notification from the parent;
- death or severe illness in the immediate family;
- religious holidays with prior administrative approval;
- medical and dental appointments (although encouraged at other times, if possible);
- absence approved by the principal for good cause;
- special cases/circumstances approved in advance by the Principal;
- statutory reasons as provided by I.C. 20-33-2-14 to 20-33-2-17.5:
 - a) service as a page or honoree of the general assembly;
 - b) service on a precinct election board or helper to a political candidate on the date of an election;
 - c) subpoena to appear in court as a witness in a judicial proceeding;
 - d) service in active duty with the National Guard for not more than ten (10) days;
 - e) participating as a member of the Indiana wing of the civil air patrol for not more than five (5) days; or
 - f) exhibiting or participating in the Indiana State Fair for educational purposes by a student or member of the student's household (I.C. 20-33-2-17.7). The student must be in good academic standing as determined by the Corporation. Parents must request the absence in writing, it must be approved in writing by the principal, and it may not exceed five (5) days.

Students with a health condition that causes repeated absence are to provide the school office with information from a licensed physician. In the interest of safety, serious health conditions need to be shared with the school nurse's office.

Parents must provide an explanation for their child's absence by 11:00 A.M. on the day of the absence. If no call is made, the school will contact you at home or your place of employment.

Unexcused Absences/Truancy

When no excuse is provided, the absence will be unexcused and the student will be considered truant. If the absence of a student appears to be questionable or excessive, the school staff will work with the parents to improve their child's attendance.

Attendance Key for Make-Up Work

Absence Codes	Present/ Absent	Make-Up Work
College Visit, Disability, Exempt, Family, Field Trip, Office & Suspended (ISS or OSS)	Counted Present	Work can be made up.
Excused	Counted Absent	Work can be made up.
Truant	Counted Absent	Work can only be made up with approval from Administration.

In the case where students can make up work, it is the responsibility of the student to obtain missed assignments. It is possible that certain kinds of schoolwork such as labs or skill-practice sessions cannot be made up and, as a result, may negatively impact a student's grade. Parents may request homework for a student who has been absent, however twenty-four (24) hour notice must be given to teachers. After homework is requested, it may be picked up at the end of the following day. Assignments will not be given out in advance of a planned absence.

It is the policy of the Wawasee Community School Corporation that students should take vacations during non-school time. In such cases, students may spend up to five days in a school year on vacation with their parent(s) or legal guardian. Such absences will be excused, but the work must be completed per the procedures established by the school. Excused absences for vacation will not be granted for vacations with anyone other than the parent(s) or guardian and may not be taken in more than two segments. Further, if a student's attendance is below 95% for the school year prior to the vacation request, such request may be denied by the principal. Vacation will not be excused for the last five days of a trimester.

In instances where the student has the opportunity to attend an educational experience away from school, the student may file an Individual Education Related Activity request. The Assistant Superintendent for Instruction and the principals shall rule on such activities with their decision final. Approved requests will be excused absences. Request denied by the committee would be unexcused absences if taken.

Excessive Absences

The following will be implemented when students incur an excessive amount of absences for the school year:

1. After 5 days of accumulated unexcused absences during the school year, a phone call will be made to the student's parent/guardian along with a letter being mailed home.
2. After 7 days of accumulated unexcused absences during the school year, the student's parent/guardian will be contacted, and a meeting will be held with the student's parent/guardian and the principal or his/her designee and an attendance contract must be signed by the parent/guardian and student outline expectations for the remainder of the school year. Any unexcused absences after this meeting will result in home visits by the principal or his/her designee and/or the school resource officer.
3. After 10 days of accumulated unexcused absences during the school year, the county prosecutor's office and/or probation will be notified.

Student's notes upon returning to school from absences should be specific and include: the student's name, date of absence, reason for absence, and a phone number for parent contact if necessary.

Each student will be treated on a case-by-case basis with full discretionary authority belonging to the principal.

If your Student is absent:

1. Students bring a signed note from home for each absence or tardiness stating the reason for being out of school. This note should be brought to the attendance office immediately upon arriving at school following an absence.
2. A parent or guardian may call the school office the day of the absence or the day the student is returning to school and state the reason for the absence.

3. Make-up work should be done promptly. It is the student's duty to get his/her assignment, and make certain he/she has completed all make-up work.
4. Students requesting special permission to be excused from school should notify the school in advance.
5. Students are not permitted to leave the school grounds during the day without permission from the office. A student will be permitted to leave only in the case of illness or in the event of medical appointment which cannot be arranged during non-school hours and only if a request is signed by a parent and presented to the office.

Tardiness

Students are expected to arrive at school on time. A student is tardy to school when the bell has rung and the student is not in the classroom. All tardies to school beginning with the third tardy each trimester and all succeeding tardies during the trimester are excessive tardies. The student shall be given a detention and parents will be notified for the third and fourth tardies to school in a trimester. Parents will be notified and students given an in-school suspension on the fifth and sixth tardies to school in a trimester. On the seventh tardy to school in a trimester, the student will receive an out-of-school suspension with possible expulsion.

A pupil shall be considered tardy if he/she is not in his/her classroom at the designated time. Repeated tardiness will result in time being made up during the lunch period or after school, or other appropriate action will be taken.

SCHOOL CLOSING/DELAY

The school calendar lists legal holidays and dates when school is closed. Please watch television or listen to the radio for closing or delay information regarding the Wawasee Community School Corporation. The media would be notified of a two-hour delay by 5:45 a.m. on the morning of the delay. When it is possible and appropriate to make an earlier decision, the public will be notified through a late evening media release. During a closing or delay please do not call the school as that tends to tie up the school's telephones which may be needed for emergency calls or communications. Students and parents will be informed as to make-up dates for weather-related closings as soon as possible.

Two-Hour Delay Procedure

In past years there have been instances when school has been closed only to find that a short delay in the start could have changed circumstances dramatically. In such cases the school starting time will be delayed by two (2) hours. This will give school officials additional time to evaluate weather and road conditions. The two-hour delay announcement could result in the following: A second announcement ideally by 8:00 a.m. closing school completely or; an actual delay of opening school by two hours. In the event of a two-hour delay, school buses would operate on their same route, except it would be two hours later than normal. The dismissal time at the end of the day would be normal unless weather conditions dictate differently. During inclement weather, every effort will be made to keep school in session. As always, our first concern is for the safety of students and employees. We hope this option will provide more safety for students and a better driving environment for our bus drivers and employees. When necessary to close all schools or a single school prior to regular dismissal time, the Superintendent will make that decision and it will be announced by appropriate means. While early dismissal due to poor weather conditions is possible, it is very unlikely. We are reluctant to send young children home early because many parents are unable to arrange for adult supervision.

SAFETY AND HEALTH

As required by U.S. Environmental Protection Agency Regulations Title 40 Code of Federal Regulations Part 763, Subpart E, Section 763.93g, Wawasee Community School Corporation (WCSC) must notify parents, teachers, and employee organizations of the availability of AHERA (Asbestos Hazard Emergency Response Act) management plans. WCSC management plans were submitted to the Indiana Department of Environmental Management before May 9, 1989. A complete updated copy of the management plan for each school in the corporation is maintained in the central administrative office, and is available, during normal business hours, without cost or restriction to the public. In addition each school maintains in its administrative office complete and updated copy of the management plan for that school. The plan is available for inspection to the public, including parents, teachers, and other school personnel and their representatives within five working days after receiving a request for inspection. The school may charge a reasonable cost to make copies of the management plan.

STUDENT ACTIVITY PROGRAM

The student activity program at Wawasee Middle School is offered to aid each student in developing his/her interests and special abilities. There are many benefits attained through participating in the student activity programs, and we encourage students to participate.

- Middle School Athletics - Students in grades 6-8 have the opportunity to participate in numerous athletic activities.
- Band, Orchestra, and Chorus Organizations - Students in grades 6-8 may participate in these musical organizations. Each year the music department presents concerts and participates in the area contests.
- Student Council / Tribal Council - This organization is composed of boys and girls from each grade. These students are

elected representatives of the grades. The Council is the voice of the student body and works closely with the faculty and administration for the benefit of the student.

DRESS AND GROOMING

The administration and staff at Wawasee Middle School feel that dress and grooming influence the attitude and behavior of the members of the student body. With the cooperation of the parents, the school will continue to encourage all students to dress in a fashion that the staff and administration judge to reflect good taste and a style appropriate for a school day. IF A STYLE OF DRESS OR GROOMING APPEARS TO BE DISRUPTIVE TO THE EDUCATIONAL PROCESS OR COULD CONSTITUTE A THREAT TO THE SAFETY OR HEALTH OF STUDENTS, IT WILL NOT BE PERMITTED IN SCHOOL AND THE TEACHER SHOULD REPORT THESE STUDENTS TO THE ADMINISTRATION FOR APPROPRIATE ACTION. The following examples are offered as guidelines to the parents and students:

1. Students must wear clothes that appropriately cover the body. The following items are specifically not allowed: see-through shirts and short shorts.. Tops that are too revealing and/or making undergarments visible are not acceptable (such as spaghetti straps and cut-off shirts). The bottom of the shirt must reach below the belt line to prevent bare midriffs and no cleavage should be visible. Students may not wear clothes that may be offensive to the standards of Wawasee Middle School and clothing which display profanity, sexual connotations, ethnic or racial slurs/superiority, alcohol, tobacco/nicotine, violence or drugs.
2. Students are expected to be clean, neat, and well-mannered in their dress and behavior.
3. Walking shorts are permitted if they extend down the leg. All pants should be worn at the waist and must rest naturally at your hip to ensure undergarments are not visible in the sitting or standing position.
4. Jackets, coats, hats, gloves, and other forms of outer wearing apparel are not to be worn in the buildings. Hoods on sweatshirts are to remain off the head.
5. Shoes that cover the soles of the feet must be worn at all times. Some classes may require that the entire foot be covered.
6. As a general rule, younger elementary students may be permitted to wear clothing, which would be considered offensive at a later age and physical maturity.
7. Chains, dog collars, or spiked jewelry are not allowed to be worn in school at any time.
8. Bandanas and headpieces, other than barrettes, are not to be worn during the school day.
9. The final decisions of dress are up to the administration.

Within these provisions the basic responsibility for dress and grooming shall be left to the parents of the students. The administration will decide consequences for violating the above guidelines.

SCHOOL DAY

The school day for students begins at 8:15 a.m. and ends at 3:10 p.m. Students will need to stay in the commons area until 8:00 am if they arrive early. No supervision will be available for students prior to 8:00 a.m. Students eating breakfast may enter the CAFE at 8:00 a.m.

HOW PARENTS CAN HELP

Good discipline originates in the home because the parent is the first teacher of the student. It is the parent's obligation, by teaching and by example, to develop good habits of behavior in the student as well as proper attitudes toward the school.

PARENT GROUPS

One of the main goals of Wawasee Middle School is to involve parents at all times. One of the ways parents can do this is to volunteer to serve on one or two parent groups.

1. Parent/Teacher Organization (PTO) – The purpose of the PTO is to support and promote quality education. The PTO will provide a means of open communication between school and parent through programs and organized activities. Their business meetings are scheduled as needed.
 - Hold monthly meetings and parent interest programs.
 - Provide funds for a variety of needs within the school.
 - Recruit and organize volunteers for various activities.
 - Provide refreshments for a variety of activities.
 - Support corporation wide programs and organized activities.
2. VOLUNTEERS – A school volunteer can do many things. The volunteer who gives an hour or two a week is just as important and appreciated as the volunteer who desires to give more time. Parents interested in volunteering need to call (574) 487-8832 and

ask for school administration.

3. VISITORS - You are welcome to visit Wawasee Middle School. You need to enter through the office doors on the east side of the building. We ask that you stop in the office, sign in, and pick up a visitor badge. In general visitors should be parents or guardians - not friends. Administration approves all visitors. Parents/Guardians may eat lunch with their children but it must be in a separate location other than the cafeteria.

GRADING SYSTEM

Grades are given on the following basis:

"A" = Excellent

"B" = Good

"C" = Average

"D" = Below Average

"F" = Failing

STUDENT LED CONFERENCES (SLC)

Student led conferencing is a co-curricular student activity. Students are expected to participate in this learning experience because it helps them with, among other things, goal setting and follow through toward their goal, accepting personal responsibility for their own learning and performance, organizing and presenting information, being an active participant in a discussion about their own education and progress, etc. All of these skills are inherent to what we are trying to accomplish with all of our students at the middle level in all content areas. As a co-curricular activity (similar to a field trip) we try to be as flexible as we can when circumstances arise that prevent students (for whatever reason) from participating in these conferences. Generally speaking, teams/teachers provide various options to students to accomplish the same learning.

In the case of student led conferencing we have decided to provide an incentive activity to students to help encourage their active participation. Each team will determine the incentive activity to be provided to their students (ideally with student input). Alternate learning experiences (on the day of the incentive activity) for those students who do not participate in this co-curricular activity are neither intended to be nor should they be viewed as "punishments" or "penalties" by students. Obviously we have no control over the impressions that individuals may have towards the alternative made available to students who cannot or those who choose not to participate at all in student led conferencing.

Student led conferencing also provides a formal opportunity (twice each school year) for parents to actively participate in a learning activity with their child and his/her teacher(s). We think this opportunity to actively engage in such collaboration is an important part of working together to ensure "Success for EVERY Student." Student led conferencing should not be viewed as the only time when parents can come to school to meet with their child's teachers to review academic and/or behavioral progress. Meeting once per year with your child's teachers (as is the case with the traditional parent/teacher conference approach) does not facilitate continuous improvement nor does it produce a productive dialogue between students, parents and teachers. We need parents to be regularly involved with their child's teachers throughout the school year.

As a result, we have created a schedule that facilitates that important relationship for most parents. As you are aware, all teachers are available during the school day to speak and/or meet with parents during their planning time. These arrangements need to be worked out with the teachers by simply calling them at school. In many cases the teachers you are interested in meeting with do have a common preparation time. While meeting with groups of teachers is possible, such arrangements need to be worked out with the teachers involved. For those parents who cannot meet with their child's teachers during their preparation time, after school or other arrangements can be worked out with the teacher(s) on an as needed basis. In the end, parents are free to choose whether or not to participate in student led conferencing. We have received a tremendous amount of positive input over the years from parents, students and teachers regarding our use of student led conferencing and believe it is a valuable learning experience for all students. We encourage all parents to participate in the student led process/activity but we also respect their decision to not participate if they so choose.

STUDENT LOCKER POLICY

All lockers made available for student's use on the school premises, including lockers, located in the hallways, physical education and athletic dressing rooms, and industrial technology classrooms, are the property of the school corporation. These lockers are made available for student use in storing school supplies and personal items necessary for use at school, but the lockers are not to be used to store items which cause, or can reasonably be foreseen to cause, an interference with school purposes or an educational function, or which are forbidden by state law or school rules.

The student's use of the locker does not diminish the school corporation's ownership or control of the locker. The school corporation retains the right to inspect the locker and its contents to insure that the locker is being used in accordance with its intended purpose, to eliminate fire or other hazards, maintain sanitary conditions, attempt to locate lost or stolen materials, and to prevent use of the locker to store prohibited or dangerous materials such as weapons, illegal drugs, or alcohol.

Locker Rules

In order to implement the corporation policy concerning student lockers, the school board adopted the following rules and regulations:

Locks. The school corporation will retain access to student lockers by keeping a master list of combinations and/or retaining a master key. Students may not use their own locks to prevent access to lockers by school officials.

Use of Lockers. Lockers are to be used to store school supplies and personal items necessary for use at school. Lockers shall not be used to store "contraband," which are items that cause, or can reasonably be foreseen to cause, an interference with school purposes or an educational function, or which are forbidden by state law or school rules. Examples are: drugs, drug paraphernalia, beverage containing alcohol, weapon, any volatile substance, bomb or explosive device, and acid or pungent or nauseous chemical, any library book not properly checked out or overdue, music boxes and radios, unreturned gym or athletic equipment, any wet or mildewing articles, or any stolen items. Students will be expected to keep their lockers in a clean and orderly manner.

Authority to Inspect. The school corporation retains the right to inspect lockers to insure they are being maintained in accordance with the conditions of above rule. All inspections of students' lockers shall be conducted by the principal or her designees.

Inspection of Individual Student Lockers. The inspection of student lockers may be conducted when the principal or her designees have a reasonable suspicion to believe that the locker to be inspected contains contraband.

Inspection of All Lockers. An inspection of all lockers in the school or all lockers in a particular area of the school with or without students being present may be conducted if the principal, superintendent, or assistant superintendent reasonably believes that such an inspection is necessary to prevent, impede, or substantially reduce the risk of (1) an interference with school purposes or an educational function, (2) a physical injury or illness to any person, (3) damage to personal or school property, or (4) violations of state law or school rules.

Examples of circumstances justifying a general inspection of a number of lockers are:

- a. when the school corporation receives a bomb threat;
- b. when the evidence of student drug or alcohol use creates a reasonable belief of a high level of student use;

- c. at the end of a grading period and before or during school holidays to check for missing library books, lab chemicals, or equipment;
- d. where student violence or threats of violence create a reasonable belief that weapons are stored in the lockers.

Involvement of Law Enforcement Officials. The principal, superintendent, or assistant superintendent may request the assistance of law enforcement officials to assist the school administrators in inspecting lockers or their contents for purposes of enforcing school policies only if such assistance is required:

- a. to identify substances which may be found in the lockers; or
- b. to protect the health and safety of person or property, such as to aid in the discovery and disarming of bombs which may be located in the lockers.

If a law enforcement official requests to inspect a student's locker or its contents, the principal shall require the production of a search warrant before allowing the inspection. If a law enforcement official requests the principal to make an inspection of a locker or its contents on behalf or in place of such official, the request shall be denied. However, upon request by law enforcement officials, school officials may secure the locker and its contents for a reasonable period of time to permit the law enforcement official an opportunity to obtain a search warrant.

Locker Maintenance. Nothing in these rules shall affect members of the custodial or other staff who repair defective lockers or clean out or supervise the cleaning out of (a) lockers from time to time in accordance with a posted general housekeeping schedule, (b) the locker of a student no longer enrolled in the school, or (c) a locker during any vacation period which is reasonably believed to contain rotting items such as food, wet clothes, etc.

HEALTH SERVICES

We are concerned with basic health habits which promote good physical and mental attitudes. Middle School students' problems may sometimes be traced to problems which could have been discovered through medical and dental examinations. Services given in the school health program are:

1. Vision Screening
2. Hearing Tests
3. Teacher-Nurse conference regarding individual health problems affecting progress in school
4. Parent-Nurse conference regarding individual health problems
5. Assistance with referral to local agencies
6. Keeping an accumulative health record for each pupil through his/her school years
7. Supplying parents with health literature on request
8. Control of communicable diseases by cooperation with the local physician, using state rules and regulations as minimum standards

ADMINISTERING MEDICATIONS TO STUDENTS

Medications in Schools

If under exceptional circumstances a student is required to take oral medication during school hours, and the parents cannot be at school to administer the medication, the school nurse or designee may administer the medication in compliance with the following regulations:

1. A written consent, including the reason for the medication, signed by the student's parent or guardian must be received by the school before any medication may be administered.
2. Prescription medication must have on the container the original prescription label stating the:
 - name of student
 - name of medication
 - time to be administered
 - dose to be administered
 - date medication ordered
 - prescribing physician
 - date on bottle must be for the current school year.

Prescription medication shall not be administered without the written consent set forth above in paragraph 1, and a written order from a practitioner as defined in Indiana Code. Non-prescription medication may be administered to students under the following conditions:

1. Doses to be given at school are sent in a properly labeled container with student's name, name and ingredients or medication, dosage and time to be given, and signed consent from parent/guardian.
2. Any requested dosage not in conformity with labeling of the medication will be refused unless accompanied by a written order from a practitioner as defined in Indiana Code.

The school district may provide, when requested by a student and/or parent/guardian and as deemed necessary by the school nurse, acetaminophen, antacid tablets, and cough and throat preparations. These will only be provided to students who do not have their own supply and if a parental consent form is on file at the student's school. The consent form will be provided to each student at school registration. The parent/guardian of the student shall be responsible for informing the school and school nurse of any change in the student's health or change in medication. The school nurse will:

1. Inform appropriate school personnel of the medication to be taken by the student
2. Keep a record of the administration of medication
3. Keep medication in a restricted area
4. Discard unclaimed medication when the prescription expires or at the end of the school year.

The school district retains the discretion to approve other procedures acceptable to the parent or to reject requests for administration of medication in the schools. The regulations shall not apply in the case of a life-threatening emergency.

Protocol for Inhaler Use

For a student to carry their inhaler with them, the following must be met:

1. Prescription medication form must be signed and dated by parent.
2. Physicians order must be signed, dated for current school year, and submitted to the nurse.
3. Inhaler must be labeled with the student's name.
4. Inhaler must be current. Outdated inhalers will be disposed of.
5. If the student participates in athletics and inhaler is used, the student needs to supply the athletic trainer with all information pertaining to their inhaler use.
6. Under any circumstances are students allowed to let another student use the inhaler.

Immunization

Whenever a student is enrolled, the parents/guardians shall provide a written statement of the student's immunizations by one of three ways:

1. Physician's Certificates
2. Records forwarded from another school corporation
3. Records maintained by the parent which show month and year during which each dose of vaccine was administered. Such statement and accompanying document shall indicate: (1) That the student is immunized to at least the minimum standards of immunization established by the Indiana State Board of Health against diphtheria, whooping cough, tetanus, measles, rubella poliomyelitis, and mumps if indicated; (2) The age of the student at the time each immunization of test was received by each student.

If any physical certifies that a particular immunization is or may be detrimental to the student's health, then the requirements for the immunization shall be waived. However, the reporting requirement above stated shall still remain applicable in full.

Meningococcal Disease Information

Indiana State Law IC 20-30-5-18 requires that school systems provide important information to parents and guardians of students about meningococcal disease and the vaccines available to prevent this serious illness at the beginning of each school year.

Meningococcal disease is caused by the bacterium *Neisseria Meningitidis* and generally affects children and young adults in two ways:

- meningitis (an inflammation of the tissues covering the brain and or spinal cord)
- bloodstream infection (that usually leads to bleeding under the skin)

Symptoms of meningococcal disease can include a sudden onset of fever, headache, stiff neck, nausea, and confusion and in bloodstream infections a rash will develop. This disease progresses rapidly and often results in permanent hearing loss, mental retardation, limb amputations and even death. The bacteria spread through air droplets or by means of direct contact with an infected person's saliva.

The United States Centers for Disease Control and Prevention (CDC) recommends routine vaccination with the meningococcal conjugate vaccine (Menactra) for all students 11-12 years of age, or 13 -18 years of age if not previously vaccinated. Children ages 2 -10, who have a disorder of the immune system or whose spleen has been removed should also receive the Menactra vaccine as they are at higher risk for contracting this disease.

Many local health departments and private healthcare providers offer this vaccine. Please talk with your child's healthcare provider about meningococcal vaccine and immunization.

CHILD ABUSE

All public employees are required to report suspected child physical and/or sexual abuse to an agency authorized to investigate such. This will be reported by the school district in accordance with the statutes of the State of Indiana.

STUDENT RECORDS

Education Records. Education records consist of all official records, files, and data directly related to a student and maintained by the school. Such records encompass all the material kept in the student's cumulative folder and include general identifying data, records of attendance and of academic work completed, records of achievement, results of evaluative tests, health data and disciplinary records. Education records are the property of the school corporation, access to and correction being governed by this policy.

Exclusions. Education records shall not include the following:

1. Data which relates to a student or groups of students, but by which he/she or they cannot be identified, i.e., by social security number, name, address, or names of relatives, such records generally being referred to as unidentifiable student records.
2. Records kept in the sole possession of the maker and which are not accessible or revealed to other persons. Such records may include grade books, notes on student work, transcripts of interviews, counselors' notes, and memory aids.
3. Examples of student work such as art and vocational objects and written work.
4. Communication privileged under Indiana Code and information required to be furnished to law enforcement or social service agencies relating to suspected child abuse or neglect under Indiana Code.

Parents. Parents of a student shall include parents, guardians, and custodians.

Release of Directory Information

The school corporation may release certain "directory information," which means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed, and which includes, but is not limited to, the student's name, address, parents' names and their home and work telephone numbers, major field of study, participation in official recognized activities and sports, height and weight or members of athletic teams, dates of attendance, awards received, motor vehicle description (including license plate number), hair and eye color, race, sex, date of birth, height, weight, grade level, and other similar information, without consent to media organizations (including radio, television, and newspapers), colleges, civic or school related organizations, and state or local government agencies.

Parents of a student less than 18 years of age or of a student who is at least 18 years of age desiring to object to disclosure of any of the categories of directory information should request FERPA Policy Form A (Denial or Permission to Release Certain Directory Information Without Prior Written Consent) from the superintendent's office. An objecting parent or student may use Form A to deny consent for release of all directory information or categories of directory information he/she does not wish released. Building principals shall insure that parents are informed of their right to object to the release of directory information and that they have 14 calendar days from the beginning of the school year in which to file an objection.

Student Safety and Restraint. A student will not be subject to seclusion or restraint unless the student's behavior poses an imminent risk of injury to the student or others. However, significant violations of the law, including assaults on students and staff, will be reported to the police. As soon as possible after any use of seclusion or restraint, the student's parent or guardian will be informed and provided with a detailed account of the incident, including the circumstances that led to the use of seclusion or restraint.

NOTICE TO PARENTS AND STUDENTS OF THEIR RIGHTS CONCERNING EDUCATION RECORDS

Education records are governed by federal law and regulation. The requirements of these laws and regulations are contained in school board policy. All School Corporation Policies can be viewed on line on the district home page (www.wawasee.k12.in.us). Generally, the student records policy provides for the following:

1. Records are confidential and may be disclosed only as provided in the policy.
2. The policy concerns both elementary and secondary student education records.
3. Parents have a right to examine their child's records at reasonable times if the child is less than 18 years of age and not attending a post-secondary institution or if the child is a dependent student as defined by Section 152 of the Internal Revenue Code.
4. Students have a right to examine their records at reasonable times.
5. Before education records are disclosed to third-parties, the school requires a signed and dated written consent of (a) a parent of a student who is less than 18 years of age and not attending a post-secondary educational institution, or (b) a student who is at least 18 years of age or attending a post-secondary institution.
6. Certain persons may examine education records without a parent's or student's consent as provided in the above paragraph. These include school officials (who have legitimate educational interests) and officials of another school, school system, or post-secondary institution where the student seeks or intends to enroll. This school corporation forwards education records to another school corporation, school system, or institution of post-secondary education where the student seeks or intends to enroll without prior notification to the parent or student.
7. Directory information will be released to media organizations (including radio, television, and newspapers), colleges, civic or school related organizations, and state or local government agencies without the consent of parent or student as provided in paragraph 5 above. Directory information includes the student's name, address, parents' names and their home and work telephone number, major field of study, participation in officially recognized activities and sports, height and weight of members of athletic teams, dates of attendance, awards received, motor vehicle description (including license plate number), hair and eye color, race, sex, date of birth, height, weight, grade level, and other similar information which would not generally be considered harmful or an invasion of privacy if disclosed. A parent of a student less than 18 years of age or a student who is at least 18 years of age may object to disclosure of any of the categories of directory information by filing FERPA Policy Form A (Denial of Permission to Release Certain Directory Information Without Prior Written Consent) for the principal's office no later than 14 calendar days from the beginning of the school year.

STUDENT DISCIPLINE POLICY

Recognizing that the behavior of some students may be so disruptive that it interferes with school purposes or educational functions of the school corporation, school officials may find it necessary to discipline students. In this event and in accordance with the provisions of Indiana Code, administrators and staff members may take the following actions:

Removal from class or activity - Teacher:

1) A middle school, junior high, or high school teacher will have the right to remove a student from his/her class or activity for a period of up to five (5) school days if the student is assigned regular or additional work to be completed in another school setting; 2) an elementary teacher will have the right to remove a student from his/her classroom or activity for a period of up to 1 school day if the student is assigned regular or additional work to be completed in another school setting.

Suspension from school - Principal:

A school principal or designee may deny a student the right to attend school or take part in any school function for a period of up to ten (10) school days.

Expulsion

In accordance with the due process procedures defined in this policy, a student may be expelled from school for a period no longer than the remainder of the current semester plus the following semester with the exception of a violation of rule 13 listed under Ground for Suspension and Expulsion in this policy.

Academic Defiance

It is defined as student refusal or failure to turn in an excessive number of assignments during a grading period after which parent notification and classroom consequences have been implemented by the teacher. Further consequences are to be determined by the administration.

WMS Problem Solving Strategy

If a student has a problem or disagreement with another student, follow these four steps:

1. Handle the problem the best you can on your own. Students are expected to get and use advice (that follows all school rules) from your teachers, counselors, staff members, etc. Learning how to deal with difficult people and/or difficult situations are skills that students need to learn during middle school and it must be practiced in real situations. However, students should always involve the nearest adult at the first hint of possible physical violence. In this way, all physical contact can be avoided and students can prevent any perceived need for self-defense.
2. If the problem continues, despite the advice you received and tried in step #1, or the situation gets to the point where a fight may occur (i.e., words are being exchanged, you are being challenged or physically threatened, or other students are edging it up) you are to walk away (despite peer pressure) and speak to your classroom teacher or the nearest adult.
3. If the problem continues after a teacher is informed of the situation, then see a counselor for assistance.

4. If and when it happens again, see the Assistant Principal and do everything s/he tells you to do (exactly as instructed). If the problem continues or reoccurs, see the Principal or have your parents contact the Principal.

GROUNDS FOR SUSPENSION OR EXPULSION

Grounds for suspension or expulsion are student misconduct and/or substantial disobedience. Examples of student misconduct and/or substantial disobedience for which a student may be suspended or expelled include, but are not limited to:

1. Using violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or other comparable conduct constituting an interference with school purposes, or urging other students to engage in such conduct. The following enumeration is only illustrative and not limited to the type of conduct prohibited by this rule:
 - a. Occupying any school building, school grounds, or part thereof with the intent to deprive others of this use.
 - b. Blocking the entrance or exits of any school building or corridor or room therein with the intent to deprive others of lawful access to or from, or use of the building, corridor, or room.
 - c. Setting fire to or damaging any school building or property.
 - d. Prevention of or attempting to prevent by physical act the convening or continued functioning of any school or educational function, or of any meeting or assembly on school property.
 - e. Continuously and intentionally making noise or acting in any manner so as to interfere seriously with the ability of any teacher or any of the other school personnel to conduct the educational function under this supervision.
2. Causing or attempting to cause damage to school property, stealing, or attempting to steal school property.
3. Causing or attempting to cause damage to private property, stealing, or attempting to steal private property.
4. Intentionally causing or attempting to cause physical injury or intentionally behaving in such a way as could reasonably cause physical injury to any person. Self-defense or reasonable action undertaken on the reasonable belief that it was necessary to protect some other person does not, however, constitute a violation of this rule.
5. Threatening or intimidating any student for any purpose, including obtaining money or anything of value from the student.
6. Possessing, handling, or transmitting a knife or any object that can reasonably be considered a weapon, or is represented to be a weapon. "Any object" includes any item that is considered a weapon but is not a firearm in Rule #13 below.
7. It is a violation of the disciplinary code of Wawasee Middle School as allowed under Indiana Code to
 - a. possess, provide to another person, or be under the influence of any controlled substance which is or contains tobacco/nicotine, alcohol, marijuana, a stimulant, or intoxicant, a narcotic, a depressant, or a hallucinogen, or any substance represented by the provided to be any of the listed controlled substances, on school grounds at any time or at any school sponsored activity at any location including the school bus. Use of medication by a student prescribed by a medical doctor, a dentist, or other health care provider authorized by law to prescribe medication for that student, does not violate this rule. Any student, who is unsure of possession, use of, providing another person with any particular medicine or substance, would violate this rule should contact an administrator before possessing, using or providing the medication or substance.
 - b. Possess or provide to any person anything used primarily for the storage, processing, delivery or consumption of alcohol, marijuana, stimulants, intoxicants, narcotics, depressants or hallucinogens on school premises at any time or at any school sponsored activity at any location including a school bus. Examples of things which are not to be possessed or provided to another person are pipes, rolling papers, clips, and literature or other such paraphernalia.
 - c. Tobacco/nicotine is a controlled substance. Indiana state law forbids the possession or use of tobacco/nicotine products by individuals who are less than 18 years old. Any Wawasee student, regardless of their age, who possesses, uses or distributes tobacco/nicotine products to other students is in non-compliance of the Wawasee Middle School Code of Conduct.
 - d. Statutory omission of Title of 9D (contraband that looks like or is represented to be certain prohibited items).
 - e. Knowingly possesses, uses, provides, or transmits to another person (by sale or otherwise), or be under the influence of any substance which looks like is, which the student represents to be, which the student has reason to believe is, or which has been represented to the student as a narcotic drug, hallucinogen drug, substance which contains alcohol, marijuana, caffeine-based pills, substance containing phenylpropanolamine (PPA), stimulant, depressant, or intoxicant of any kind.
 - f. Arranging for the sale or distribution of any item listed in categories 9 A-E while at school or any area listed in items 1, 2, 3 under grounds for expulsion or suspension.
8. Engaging in the unlawful selling of a controlled substance or engaging in a criminal law violation that constitutes a danger to other students or constitutes an interference with school purposes or an educational function.

9. Failing in a substantial number of instances to comply with directions of teachers or other school personnel during any period of time when the student is properly under their supervision, where the failure constitutes an interference with school purposes or an educational function.
10. Engaging in any activity forbidden by the laws of Indiana that interferes with school purposes or an educational function.
11. Violating or repeatedly violating any rules that are reasonably necessary in carrying out school purposes or an educational function and are established in accordance with Indiana law, including, but not limited to:
 - a. engaging in sexual behavior on school property
 - b. disobedience of administrative authority
 - c. willful absence or tardiness of students
 - d. possessing, using, or transmitting any substance which is represented to be or looks like a narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, stimulant, depressant, or intoxicant of any kind
 - e. possessing, using, transmitting, or being under the influence of caffeine-based substances, substances containing phenylpropanolamine (PBA), or stimulants of any kind not prescribed by a doctor
 - f. engaging in speech or conduct, including clothing, jewelry or hair style, which is profane, indecent, lewd, vulgar, or offensive to school purposes.
12. Knowingly possessing or using on school grounds during school hours an electronic paging device or a hand held portable telephone in a situation not related to a school purpose or educational function.
13. Possessing a firearm
 - a. No student shall possess, handle, or transmit any firearm on school property.
 - b. The following devices are considered to be a firearm under this rule:
 - any weapon that will, or is designed to, or may readily be converted to, expel a projectile by the action of an explosive
 - the frame or receiver of any weapon described above
 - any firearm muffler or firearm silencer
 - any destructive device which is an explosive, incendiary, or poison gas bomb, grenade, rocket having a propellant charge
 - of more than 4 oz, missile having an explosive or incendiary charge of more than $\frac{3}{4}$ oz., mine, or similar device.
 - any weapon that will, or that may be readily converted to, expel a projectile by the action of an explosive or other propellant, and that has any barrel with a bore of more than one-half inch in diameter.
 - any combination of parts either designed or intended for use in converting any device into any destructive device described in the two preceding examples, and from which a destructive device may be readily assembled.
 - an antique firearm.
 - a rifle or shotgun which the owner intends to use solely for sporting, recreational, or cultural purposes.
 - c. The penalty for possession of a firearm: suspension up to 10 days and expulsion from school for at least one (1) calendar year with the return of the student to be at the beginning of the first semester after the one-year period. The length of the expulsion may be reduced by the Superintendent if the circumstances warrant such reduction.
 - d. The Superintendent shall notify the Prosecuting Attorney's office when a student is expelled under this rule.

The grounds for suspension or expulsion listed above (#1-13) apply when a student is

1. On school grounds immediately before, during, and immediately after school hours, and at any other time when the school is being used by a school group.
2. Off school grounds at a school activity, function, or event, or
3. Traveling to or from school or a school activity, function, or event.
4. In addition to the grounds listed above, a student may be suspended or expelled for engaging in unlawful activity on or off school grounds if the unlawful activity may reasonably be considered to be an interference with school purposes or an educational function, or the student's removal is necessary to restore order or protect persons on school property. This includes any unlawful activity meeting the above criteria which takes place during weekends, holidays, other school breaks, and the summer period when

a student may not be attending classes or other school functions.

SUSPENSION PROCEDURES

When a principal (or designee) determines that a student should be suspended, the following procedures will be followed:

1. A meeting will be held prior to the suspension of any student. At this meeting the student will be entitled to:
 - a. a written or oral statement of the charges
 - b. if the student denies the charges, a summary of the evidence against the student will be presented, and
 - c. the student will be provided an opportunity to explain his or her conduct.
2. The meeting shall precede suspension of the student except where the nature of the misconduct requires immediate removal. In such situations, the meeting will follow the suspension as soon as reasonably possible following the date of the suspension.
3. Following the suspension, the parent or guardian of a suspended student will be notified in writing. The notification will include the dates of the suspension, describe the student's misconduct, and identify the action taken by the principal.

EXPULSION PROCEDURES

When a principal (or designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

1. The superintendent (or designee) may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:
 - a. legal counsel
 - b. a member of the administrative staff who did not expel the student during the current school year and was not involved in the events giving rise to the expulsion.
2. An expulsion will not take place until the student and the student's parent are given a notice on their right to request and appear at an expulsion meeting conducted by the superintendent or the person designed above. Failure by a student or a student's parent to request and appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion or appeal it to the school board.
3. The notice of the right to request and appear at an expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the procedure for requesting the meeting.
4. At the expulsion meeting, the principal (or designee), will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student and to present evidence to support the student's position. An attorney may not represent the student at the expulsion meeting, but the attorney may be available for consultation outside the expulsion meeting, but the attorney may be available for consultation outside the meeting room during the course of the meeting.
5. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student and the student's parent.

The student or parent has the right to appeal the decision of the person conducting the expulsion meeting to the school board within ten (10) days of the receipt of the notice action taken. The student or parent appeal to the school board must be in writing. If an appeal is properly made, the board must consider the appeal unless the board votes not to hear the appeal. If the board hears the appeal, it will consider the written summary of the expulsion meeting and arguments of both the school administration and the student and/or the student's parent. The board will then take any action deemed appropriate. The board will meet to consider the appeal within a reasonable amount of time of receipt of the appeal.

License/Permit Invalidation

Per Indiana law, Wawasee Middle School may invalidate the driver's license or driver's permit of a person less than eighteen (18) years of age who:

1. is under an expulsion, exclusion or second suspension from school;
2. has withdrawn from school (unless due to financial hardship); or
3. has been determined to be a habitual truant.

The license or permit shall remain invalid for expulsions, exclusions and suspensions for at least 120 days, or, in the event of a habitual truancy or withdrawal from school, until the individual turns eighteen (18) or the student has re-enrolled in school and is in good standing.

I.S.S. - IN-SCHOOL SUSPENSION

In-School suspension will be used primarily for disciplinary action. In-school suspension involves removing a student from the main stream of school activity. A student removed will be allowed to complete work assigned by teachers in a room assigned. The student will then earn his/her return to the regular school schedule by meeting proper behavioral and academic requirements. Each teacher will provide the student with course work to be completed during the time of his/her suspension period. Each assignment will relate to the unit of study in progress at that time in the regular class. Some lab classes will provide assigned work relating to the subject matter.

Any student that has received an out-of-school suspension jeopardizes his/her opportunity to go on a field trip with his/her class. The administration will make the final decision based upon the student's willingness to follow the school's rules.

BULLYING

Bullying is not tolerated in the Wawasee Community School Corporation. Violations of this policy will be reviewed by the Principal or his/her designee for appropriate disciplinary action.

2. Expulsion and referral to police.

Sexual/Racial Harassment

Employees and students are prohibited from sexually/racially harassing other employees or students.

1. In the case of sexual/racial harassment of a student or employee by a student, sexual/racial harassment means: Any conduct of a sexual/racial nature by a student directed toward another student when (a) such conduct has the obvious result of creating an intimidating, hostile, or offensive school environment for the other student; or (b) such conduct is continued by the student after the request of the student to stop such conduct because it is intimidating, hostile, or offensive to the other student. The determination of whether the conduct of student is intimidating, hostile, or offensive is to be made by the school administration.
2. Any sexual advance or racial advance by a student toward an employee, or an employee toward a student.
3. Any request by a student to an employee for sexual favors from the employee or an employee to a student.
4. Any conduct of sexual/racial nature by a student directed toward an employee or an employee toward a student when such conduct has the purpose or an effect on an employee/student of reasonable sensibilities, (a) of creating an intimidating, hostile, or offensive school environment for the employee/student or (b) influencing either the student's grade or participation in any school sponsored activity.

Sexual/racial harassment prohibited by this policy includes verbal, written or physical conduct. The terms intimidating, hostile or offensive as used above include conduct, which has the effect of humiliation, embarrassment, or discomfort. Complaints alleging a violation of this policy solicited and must be brought to the attention of the appropriate grievance procedure. Caution must be exercised, however, to avoid groundless complaints. Violations of this policy will be reviewed by the principal or designee for appropriate disciplinary action.

DISCIPLINARY PROCEDURES TO BE USED BY BUS DRIVERS

In an effort to provide safe, efficient, and dependable transportation to and from school for eligible students within the Wawasee Community School Corporation, the following procedures will be utilized by school personnel.

1. Drivers are knowledgeable regarding expectations of student behavior.
2. Drivers receive in-service regarding seating plans and bus disciplinary techniques.
3. Drivers are supplied with school bus discipline report forms. These forms will be used for the following misconduct:
 - a. failure to remain seated while bus is in motion
 - b. refusing to obey the bus driver
 - c. fighting with or bothering the bus driver
 - d. profanity
 - e. lighting matches or smoking
 - f. chewing tobacco/nicotine
 - g. throwing of objects within or out of the bus
 - h. hanging out of the bus window
 - i. vandalism
 - j. spitting
 - k. other behavior which may jeopardize the safety of students.

After a bus driver has exhausted the methods of correcting behavior on the bus, he/she then will utilize the written report which will then be turned in to the building principal. Bus methods of correcting behavior may include, but are not limited to, such things as:

1. assigned seats
2. use of the front seat as a disciplinary measure
3. verbal warning
4. one day suspension of riding privileges with notification to school, central office, and parent.

If a student is written up for any of the above activities, the principal will usually employ the following disciplinary actions.

1st offense - Warning to the student, with bus driver present and a report to the parents. It is hoped that parents will help prevent a recurrence as school bus safety is a responsibility of all, and parents are responsible for the behavior of minors.

2nd offense - One to five day suspension of riding privileges and a conference with student, driver, and parents. A written report will then be issued notifying the parent of the consequence of a third report.

3rd offense - Automatic suspension of riding privileges. The length of time will depend upon the seriousness of the violation and attitude of the student and parents. This includes a conference with student, driver and parents. Should parents not attend, a written report will be forwarded to them.

NOTE: Any flagrant violation which jeopardizes the safety of children will be dealt with as a third offense. At any time the principal may request the involvement of the Assistant Superintendent/Business Manager in charge of transportation. This procedure was implemented in an effort to ensure safe riding privileges for students within the Wawasee Community School Corporation. We feel that together with parents we can provide the highest quality bus service possible. Of course, as with anything else, we must work together and have a procedure to follow. We invite you to join us in a cooperative approach in attaining this goal.

CHARGES BY A STUDENT

Where a student or his/her parent believes that the student is being improperly denied participation of any educational function of the School Corporation or is being improperly denied participation of any educational function of the School Corporation or is being subjected to an illegal rule or standard, as provided by Indiana, or by the United States, he/she shall, if unable to work out his/her problems with members of the administrative staff, be entitled to initiate a hearing by filing a charge with the Superintendent. A hearing officer will be assigned by the Superintendent. If the resulting decision is not partially or wholly acceptable, a student or his/her parent may, through written request, appeal the decision to the governing body, the School Board.

 - c. If the student brings the grade up to passing by the end of the probation period, he or she will then be eligible to participate fully in the athletic program. However, if the failing grade has not been raised to passing by the end of the probation period, the student is now ineligible to practice or participate in athletics until the next midterm report or report card is distributed.
 - d. The administrator in charge of athletics is responsible for checking midterm reports, report cards, and grades during the probation period for all athletes in their respective sports to determine athletic eligibility. The coach, athletic director, or principal may impose academic probation at any time.

Incompletes will result in an athlete being ineligible until this grade has been finalized in a timely manner. The athlete may practice but not compete during this time period. Citizenship is not included as a grade.

6. When attending extracurricular contests or activities, students should be well groomed and dressed appropriately. 8. Parents are expected to pick up students from activities no later than 30 minutes following the expected conclusion of the activity. Coaches or sponsors are not expected to stay later than 30 minutes after the conclusion of the activity.
9. Attendance at all practices, meets, or games is mandatory unless the student notifies the sponsor prior to the event or is absent from school.
10. A student who wants to participate in an extracurricular event must be present at school by 11:30 a.m. the day of the event unless pre-approved arrangements are made with the administration. This is to be signed and returned before a student becomes a member or participates in an extracurricular activity.
11. A student may be removed from an activity/extracurricular team at any time by the sponsor/administration for discipline reasons.
12. Students assigned to ISS or OSS will not be allowed to practice or participate in an event until the suspension is completed.
13. It is preferred that students return from away events on the team bus; however, extenuating circumstances will be evaluated by the coach or sponsor.
14. The coach or sponsor will provide a list of expectations that are to be followed by the student and parent. The coach or sponsor will also provide a schedule for practice dates and contests.
15. A student must complete the extracurricular activity in good standing to be eligible to receive a certificate or other awards.
16. The student and parent are financially responsible for any equipment issued to the student. The cost is based on the replacement value of the equipment and will be determined by the principal.
